SOS CHILDREN'S VILLAGES GREECE

To
the President and the Members of
ELPIDA

Athens, April 28th, 2014

Dear President, Dear Members,
Great friends and supporters,

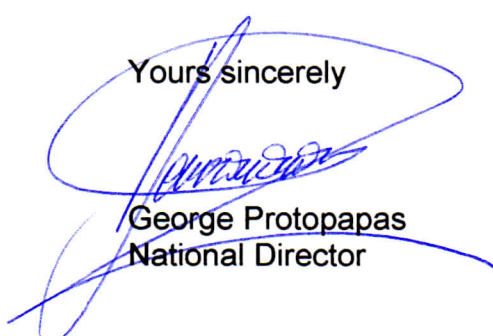

We wish to thank most sincerely each one of you personally for your continuous donations of clothing and shoes for the children we are supporting not only in Crete through our Social Center but also and for the other children living in the SOS Children's Villages Greece.

People like you make the difference for those children in need and especially because your help and support has been endless and overwhelming and cannot be measured with words.

We would like to honestly thank you for your ongoing strong efforts, love, care and kind thoughts for the SOS Children's Villages Greece and the children in our care and we hope that you will continue to help our children.

Please accept the thankfulness of our Board of Directors, a big "thank you" from our SOS Mothers and coworkers and much love from our children for the support and trust with which you have embraced our work.

Yours sincerely

George Protopapas
National Director
