Certification

The undersigned Professor Konstantinos N. Syrigos, President of the Board of Directors and legal representative of the charitable Association "SOS CHILDREN'S VILLAGES GREECE", hereby certifies that Association ELPIDA "Hoffnung für Kinder in Griechenland", through the work of its President Ms. Eva Kuery and its Members, supports on a volunteer basis our work and they are authorized from our side to act and work for the benefit of our aims.

More specifically, to collect donations in kind including clothes, long-lasting food, school supplies, hygiene products, PCs or money donations for purchasing heating petrol, medicine or fresh food with which they support our programs: the four SOS Children's Villages (Vari, Plagiari Thessaloniki, Alexandroupolis Thrace and Heraklion Crete) and the Social Centers we run for Greek families suffering from the economic crisis in: Athens, Heraclion Crete, Ioannina, Kalamata, Komotini, Patras, Piraeus, and Thessaloniki.

Their support to our work gives another dimension to the meaning of "giving", to the meaning of "solidarity" and at the same time it constitutes the greatest help and support someone can give us.

People like the Members of ELPIDA make the difference for these children in need by having our children and our country in their hearts and mind, especially because their help and support have been endless and overwhelming and could never be measured with words.

Their help becomes more valuable due to the energy and food supply crisis we globally face and the consequences of the war in Ukraine, increasing the financial difficulties faced by a lot of families in Greece and their help in donations in kind and other supplies is needed for at least up to 31/12/2023.

The certifier

Professor Konstantinos N. Syrigos
President
